## **Mission Statement:**

University course office hours frequently encounter the familiar issue observed at crowded public restrooms during events—easy accessibility resulting in lengthy queues and a diminished sense of personalized assistance. Fortunately, at Pay-To-Win, we've devised a straightforward remedy. When genuine assistance or timely lab marking is paramount, investing in these services becomes a logical choice. Our user-friendly booking system ensures a seamless process, with the added convenience of securely storing your credit card information for hassle-free transactions.

## **Executive Summary:**

Every great idea starts with an inspiration, and one of our founders, Maxim, took it from a first year economics course. While he was already paying \$600 along with university fees to take the course, he was also slapped with a \$150 bill to buy an online service where assignments would be completed. He did not see this as a burden, but as an inspiration. If \$150 could be charged for a service that could easily be found for free, then there were much easier ways to take money from university students. That was where the groundwork for Pay-To-Win was hatched.

Pay-To-Win is an easy-to-use portal for booking office hours with university professors. Recognizing the inefficiencies and unnecessary costs associated with existing systems, Pay-To-Win aims to streamline the process, offering a solution

that ensures the money goes straight into the bank account of instructors, rather than indirectly through a third-party. By creating unnecessary fees for accessing educational resources, Pay-To-Win not only diminishes the overall learning experience but also contributes to reducing financial burdens on instructors.

Our platform prioritizes accessibility, providing a centralized hub for students to schedule one-on-one sessions with professors and TAs, fostering a more personalized learning environment, which could also be described as “pay-to-win.” Our innovative approach not only siphons more of students’ money but also facilitates meaningful connections between educators and learners, with professors taking a liking to students who help line their pockets. Overall, Pay-To-Win will be a beneficial service to help poor universities make more money by incentivizing students into spending more money.

| Final Overall System Features                 | Category | Possible Points | Points | Comments / Code Files |
|---|----------|-----------------|--------|-----------------------|
| <b>Documentation (15 total points)</b>        |          |                 |        |                       |
| Executive Summary (up to 1 page)              | Core     | 2               | 2      | In this document      |

# Walkthrough From Customer's Perspective

This is the home page customers will be greeted with. You can begin shopping, but you won't be able to check out. Click on account to begin the login / account creation process.

This login page will show up when you press on account. If you have an account you can log in, and if you don't have an account, you can make one.

The account creation page shows up when you click create account.

You are taken to your account page. You can see all of your customer information on the page, in addition to multiple links.

If you would like to edit your account info, that can be done by pressing "Edit Account" on your personalized customer page.

Same as before, except changed Walkthrough's name to EditedAccount EditedAccount

| Customer Profile |                            |
|------------------|----------------------------|
| id               | 3                          |
| First Name       | EditedAccount              |
| Last Name        | LastName                   |
| Email            | Walkthrough@student.ubc.ca |
| Userid           | Walkthrough                |

Now, you can begin shopping. Click on the product for more info, click add to cart if you already know what you're looking for.

This page shows up when you're looking for more info on a product. It shows the professor the office hours are with, their office location, an add to cart option, and all reviews on the professor.

Heinz Bauschke's Office Location: ASC 352  
 Id: 16  
 Price: \$27.18  
[Add to cart](#)

 Reviews: Average Rating: 3.0  
 5/5 Rating on 2023-09-24

Was für ein toller Lehrer. Wenn er spricht, klingt es, als würde ein Opa seinen Enkelkindern Gute-Nacht-Geschichten vorlesen. Seine Stimme ist so beruhigend und es fühlt sich an, als würde er einen ins Bett bringen

1/5 Rating on 2023-09-25  
 Over \$25 to attend professor office hours? ABSURD!

This page shows all items in your cart and gives you the option to check out.
